

NEWSFLASH

BISHOP BAVIN'S CHAPLAIN GOES TO OXFORD UNIVERSITY

Revd, Dr van Van Niekerk has been selected to attend the Oxford University Theology Summer School in August 2009. This is in recognition of the work she has done with teachers, from both IEB and Government schools, in training them to cope with issues arising from teaching Evolution. She is in a unique position to speak on these issues as she was previously a senior medical scientist at the then South African Institute for Medical Research and is a woman of faith. She will be attending courses on Darwin and Religion, and Creation Theology.
